Subject:	Special CED meeting on Dec. 3 at 1:30 P.M. relating to CDBG-funded city positions
Date:	Friday, November 21, 2014 11:22:00 AM
Attachments:	agenda123.pdf

I've attached the agenda for this meeting. These two files were held at the previous CED meeting so that departments could be present to address committee concerns relating to which positions, how many and what these positions do that are funded with CDBG money.
Please have someone present from your department that can answer questions relating to CDBG-funded positions in your department (including, but not limited to, approximately how long these positions have been funded).
Thanks -
