Subject: Milwaukee amendment 160339 and City of Glendale resolution regarding Estabrook Dam

Dear Mr. Lee,
I have sent the email, below to each of the council members of the Zoning, Neighborhoods and Development Committee. Please include the attached City of Glendale resolutions and the email below in the records regarding zoning amendment 160339.
Thank you
Glen Goebel

The attachment I'm sending is a City of Glendale Wisconsin resolution which will substantially impact the cost of removal of the Estabrook Dam. Dam removal costs until now have not included upstream remediation costs. Removal cost figures of other dams indicate that upstream remediation costs have been at least 90 times higher than demolition and removal costs. Estabrook Dam removal costs indicated by Milwaukee County Parks Department have not included any of these costs.

You are or will be involved in legislation involving this dam in the near future. We urge you to support repair of this dam. Removal will be significantly more costly and forever lose the recreational use of Milwaukee's only boatable inland lake.
Thanks
Glen Goebel
