I own the Eschweiller designed mansion at 1537 N Prospect (across the street from the Goll House)
and because of its historic designation I can not tear it down or move it.

This designation was to show how Prospect Ave. looked in the early 1900's with these mansions.

It would be a shame to change these designations now by moving it to the street.
None of these mansions were close to the street.

Sincerely
