Alderman Brostoff, we are super excited about the proposed new venue in our neck of the woods. As a BID member, business/property owner and someone who spends most of his day on Brady Street I cannot tell you how excited we are to have the Pabst Theater Group investing in our neighborhood. Also, I would like to personally thank you for your vision and leadership and all your hard work on trying to improve a neighborhood that I love and care so much about.
Have a great weekend!
