City Clerk
ATTN; CLAIMS

CLAIM for $ 5,184.85

Dear Mr Leonhardt

On January 23, 2009, there was a power outage at 10:30pm. Due to this power outage, on the morning of January 26, 2009 we found that our computers were not operating. I called WE Energies regarding our losses and was told that a breaker operated due to City of Milwaukee equipment failure. Our computers were recovered after several hours by our computer specialist. However at the time of the outage, it had also caused our Time Clock program and time clock to burn out. This system serves our office at 8532 W Capitol where the outage took place. and our three other locations. We were unable to have our employees punch in and punch out. This in turn meant that we had to have our employees (36) keep track of their time on paper. It took till March 4th s to purchase a new system and installation .

We are filing a claim for our loss of the Time Clock. I have a copy of letter from WE Electric stating this was the fault of the City of Milwaukee. I am also submitting a bill from Integrated Time for the purchase of new equipment and program and a bill from Munger Technical Services to install cabling and whatever was necessary to use the program that was purchased.

Please contact me at 414-967-4885 regarding any additional information or questions you may have

Dear Christine:

RE: Power Outage on January 23, 2009
File # 2009205913

This letter is in response to your request for information regarding the power outage that affected customers in your neighborhood on Friday January 23, 2009.

Our investigation revealed a breaker operated due to City of Milwaukee equipment failure at 8723 W Capitol Drive, Milwaukee, Wisconsin, which caused the outage.

I hope this information is of assistance to you.

Sincerely,

Mary Ritenour
