---

I just saw the Facebook post now, otherwise I would have emailed sooner.

I wish to express my support for the decriminalization and eventual legalization of Cannabis/Marijuana in Milwaukee and/or Wisconsin.

In 2014, over 28,000 arrests were made for this substance in the City of Milwaukee. It's a victimless crime, and many states have shown they can properly regulate this substance while earning tax revenue.

This clogs up our justice system and makes a terrible use of time for our police officers.

Thank you for your time.

Chris Troka
