Marquette Interchange Reconstruction

This agreement is a one-time grant, made and entered into between the Wisconsin Department of Transportation (DEPARTMENT) and the City of Milwaukee Fire Department (CITY), to provide for services as described herein.

The DEPARTMENT advises implementation of a comprehensive and cost effective traffic mitigation program that will help insure the safety, accessibility, and mobility for users of the Marquette Interchange while minimizing unsafe conditions. To mitigate traffic impacts caused by the reconstruction of the Marquette Interchange, the DEPARTMENT will provide funding to the CITY for fire department staff services and support between April 1, 2004 and December 31, 2008 as specified in Attachment A: City of Milwaukee Fire Department - Cost Estimate.
