Subject: 1550 North Prospect Avenue

As residents of the Prospect Avenue neighborhood in which the Goll Mansion is located we are concerned about the building proposed for the mansion property:

1. Will the developer guarantee that no irreparable damage will be done to the mansion as a result of the two moves required for construction.
2. The mansion was situated on its place on the lot for a reason. Moving it would compromise the original design.
3. As proposed the apartment building as a backdrop to the mansion would be totally incongruent with the historic character of the mansion.

The Goll Mansion is a part of the city's histyory. We would not like to lose it or see it diminished.

respectfully submitted
