Subject: Follow Up for File 200404

Linda,

My name is Thad Winkle, and I'm the pastor of Bethel-Bethany UCC in Milwaukee. I attended the Judiciary and Legislation Committee meeting on Oct. 26 in relation to our claim connected to file 200404. We had work done on a tree in June 2019, several months prior to a tree falling on our sign in Oct. 2019. The committee requested that I find out what tree had the work done in June, and I wanted to let you know that we cannot say with certainty whether the tree that had work done in June 2019 was the one that fell in October or if it was the one next to it. We know it was one of those two.

Please let the committee know as well as the city attorney associated with the claim. I was told to include her in this email, but I realized I don't have contact information for her.

Thanks for your help.

Peace,

Thad
