Hi Linda,
Please add this to the file on 2134 N Terrace. This came in to the HPC inbox. I check every day. Somehow a bunch of new e-mails have shown up, from last week and earlier.

Dear HPC,
I am expressing my total support for the proposed wraught iron fence for the rear and side lotlines of the home at 2134 N. Terrace Avenue.
I am the closest neighbor to the property and am the most impacted by this project. Over the past few years, I have watched as this home has been wonderfully preserved, expanded, and revitalized. \
I have reviewed the design, seen the actual physical layout of the fence, and can envision a wonderful finished project.
Respectfully yours,
Stephen F. Thiel
