Here are the records Linda,

Please make a not to reflect the following to those on the board reviewing these records.

David Brien – Has had great attendance and has been a very dedicated member of the BID. His insight is invaluable.

Larry Stern – Larry Stern has been a member of the board for over 20 years and is very dedicated to the board and making sure that members of his business are involved in all levels of the Valley's redevelopment. Please do not let his attendance record of these meetings be seen in a negative light. Larry is extremely involved and follows up with the team to understand what he has missed and how he should contribute whenever there is an absence. He is a very valuable part of our team.
