Case# C. I. File No: 08-S-308

I Stephanie Jacocks at this time would like to request a hearing for an appeal of the enclosed letter. The letter stated that the North Teutonia area was patched on a regular basis. This is not true. I was not a wintery day when the incidence with the pot whole occurred.

Thank You

I Stephanie Jacocks request to be reimbursed for damaged to car in the form of a flat tire and a crack passenger outside mirror that had to be replace due to pot holes not being filled just before the intersection of Teutonia and Mill Road. The amount for the replacement tire is \$182.62 and the window is \$42.00 which I am seeking. A copy of the receipts are enclosed.

On March 5 2008 around 5:00 I was traveling down Teutonia South bound toward Mill road. As I approach the intersection. The pot holes that were in the street there were several one after the other started appearing more by where the Fire and Police Building is on the opposite side of the road. In an effort to prevent a tire explosion from one of the larger pot holes I was trying to avoid there was another that was not as big next to it. I heard the explosion and my car hit the ground on the driver side immediately. I came to a complete stop got out of my car notice that the tire was complete flat and the passenger outside mirror was cracked. Called for help and proceed to remove my spare from the back and change the tire with the help of another person who saw what happen. Once the spare was on I drove to a Tires Plus Shop off of Brown Deer and Teutonia. The gentlemen inform me that I had six other people that came in with the same problem and I would have to wait. He checked on the type of tire I needed and advise me they did not care it. I then proceed to the Mill Road Firestone on 76th and Mill Road. The gentleman there informed me he would have to order my tire. I paid for it same day came back the next day and had the tire replaced. He gave me a Road Hazard warranty in case this would happen again the tire would be replaced in the future for free. As for the passenger outside mirror I contact the Dodge City Honda dealership body shop to get a price quote and I also contact the Auto Glass Specialist. The technician at the Auto Glass Specialist on 108th and Orchard measure my mirror and gave me a quoted price that was better than Dodge City Honda. I scheduled an appointment for the repair. Both the receipt for the tire and the mirror are enclosed

Thank you
