To the Public Works Committee

Subject: Common Council Resolution File Number 080301

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 080301 being an amendment to a special privilege for change of ownership of aerial and underground cabling encroaching into the public right-of-way that had previously been granted permission.

Common Council Resolution File Number 080301 changes the owner to GE Healthcare, Inc. to keep and maintain 781 feet of aerial and 515 feet of underground cabling in the public right-of-way for the premises at 8200 West Tower Avenue. Permission for said cabling was granted in 1984 under Common Council Resolution File Number 83-520-a.

We are not aware that the presence of said cabling has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will amend the ownership of the above special privilege and will formally allow said cabling to continue to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works

Martin G. Collins, Commissioner
Department of Neighborhood Services
