Ref: 14019

Common Council File 140516 is a communication file from the Milwaukee Police Department requesting reclassification of the Police Telecommunicator - Seasonal position to Police Telecommunicator.

The Police Department currently has position authority for 62 Police Telecommunicator positions and ten Police Telecommunicator - Seasonal positions. Historically, it has been difficult to hire all ten seasonal positions. Since 2009, the department has averaged hiring 4.4 seasonal positions per year. The department is seeking to combine the two position classifications into one position to provide additional hiring flexibility to accommodate the 911 Call Center call volume.

RECOMMENDATION: PLACE COMMON COUNCIL FILE NUMBER 140516 ON FILE AND APPROVE THE NECESSARY CHANGE TO THE POSITIONS ORDINANCE TO EFFECTUATE THE INTENT OF THE COMMUNICATION.
