Bill has been working with Peter Moede since 1999 as project manager as well as construction manager. Bill was directly responsible for all construction services from scheduling and budgeting to bid management and cash flow analysis for the Tannery and Shipyard projects. In the early 2000's Bill worked with the DNR to lay the groundwork for the Hank Aaron State Trail that now passes thru the Reed Street Yards. Bill currently manages the buildings west of Reed Street Yards for Tannery Remnants LLC. Prior to working for Peter Bill worked for Beyer Construction.
