INSTALL STOP SIGN ON WEST MILWAUKEE ROAD  
AT SELIG DRIVE (PRIVATE ROAD)

Dear Alderman Donovan:

As a result of a review of the intersection of West Milwaukee Road and Selig Drive, we found that the current conditions that exist at the intersection warrant the above-captioned traffic control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.

Honorable Robert Bauman  
Alderman, 4th Aldermanic District  
Room 205, City Hall

SUBJECT: 4th ALD. DIST. - FILE #091050  
REMOVE ONE-WAY ON EAST STATE STREET  
FROM NORTH WATER STREET TO NORTH VAN BUREN STREET

Dear Alderman Bauman:

This is in response to the removal of the one-way traffic control on East State Street from North Water Street to North Van Buren Street in conjunction with the East State Street resurfacing project from North Edison Street to North Prospect Avenue.

Our traffic engineering staff has investigated this traffic control change and found that converting this street from a one-way to a two-way street would enhance traffic circulation in this area.

We will prepare the necessary legislation that will be heard at the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
