Part II. Administration of Pay Plan.

Sec. 1. Official rates of pay: The official rates of pay listed in all sections of this ordinance except Part 1, Sec. 23 are the biweekly rates listed therein. In Part 1, Sec. 23, 24, 25 and 26, the official rates of pay are either hourly or daily rates, as specified with the exception of Pay Ranges 925, 934, 936, 951 and 955 where the official rates of pay are biweekly. Other rates of pay, such as monthly or annual, listed in any section of this ordinance are for informational purposes only.

Sec. 2. Appointments, Salary Advancement, Salary Anniversary Dates

Appointment at Minimum: Appointment to City positions shall be at the minimum rate in the scale except as otherwise provided by Part II, Section 2, 3, and 12 of this Ordinance.

Salary Advancement-Nonmanagement employees: Salary advancement above the rate of initial appointment shall be made at the next higher rate upon the completion of each year of service at that particular rate until the maximum rate is received, except, effective Pay Period 1, 2010 through Pay Period 26, 2011, there shall be no pay step advancement for employees represented by District Council 48, AFSCME, AFL-CIO and nonmanagement/nonrepresented employees or as provided in Part II, Sec. 12, Sec. 14 or as specified below. In determining the completion of each year of service, mandatory furlough time shall be regarded as being regularly at work and shall not count against salary advancement.

Timing of Salary Advancement - Nonmanagement Employees: In order to eliminate two rates of pay for the same officer or employee in any period and to reduce and simplify payroll preparation and the auditing thereof, salary advancement within any pay range shall follow the completion of 26 biweekly pay periods and not the precise anniversary date. For the purpose of determining the proper time for the initiation of salary advancements, appointments during a pay period shall be considered as having been made at the beginning of such period.

Department heads are directed insofar as possible to make appointments effective at the beginning of a biweekly pay period. Absence or absences from work without pay, for any cause, except mandatory furloughs, for 10 or more work days in the aggregate shall defer salary advancement for one additional pay period for each such 10 days' absence.

Appointment to a New or Reclassified Position: Appointment of a person in the service of the City to a new position or a reclassified position who has received the same rate of pay for at least one year shall be at the salary increment next above the rate currently received but not in excess of the maximum of the scale, except as may be provided in Part II, Sec. 12 of this ordinance.

Increases in Salary Ranges: When the salary range for a position is increased in conjunction with an across-the-board adjustment, the incumbent shall receive the step in the adjusted salary range that is equivalent to the step previously received.

Hourly Employees - Job Change: Whenever an employee in a position compensated on an hourly basis is appointed, transferred, or reinstated to a position the salary of which is determined under this ordinance, the amount of earnings in the twelve month period immediately preceding such appointment, transfer, or reinstatement shall be calculated. The rate of pay in the new position shall be the increment in the scale next above the amount of the employee's earnings for said period, but not in excess of the maximum increment in said scale.

Hourly Employees - Rates of Pay - Salary Advancement: Payrolls for positions with an official hourly rate listed in Part I, Sec. 23, 24, 25 and 26 shall be based upon the number of hours or days employees are actually employed. Salary advancement above the rate at initial appointment shall be made at the next higher rate upon the completion of each year of service unless otherwise indicated in a footnote within the specific pay range at that particular rate until the maximum rate is received.

Promotion or Reallocation Pay Increase: Appointment or promotion of an officer or employee to a higher level classification or reallocation to a higher level pay range shall be at the pay rate in the new pay range that is at least \$10 more biweekly than the employee was receiving except as provided in Part II, Sec. 12 of this ordinance. In those instances where the next higher pay rate (step) is less than \$10.00 biweekly higher than the employee was receiving, the next step above the higher pay rate (step) shall be paid.

Salary Anniversary Date:

- All nonmanagement employees who are not at the maximum of their pay range will retain their salary anniversary dates when they are promoted or reallocated to a higher level pay range.
- All nonmanagement employees who are at the maximum of their pay ranges will receive new salary anniversary dates when promoted or reallocated to higher-level nonmanagement pay ranges. This new salary anniversary date shall be based upon the effective date of such appointment, promotion, or reallocation.
- Employees promoted into job titles contained in the Management Pay Plan (Part I, Sec. 2 of the Salary Ordinance) shall retain their previous salary anniversary dates.

Combining Pay Rates into the City's System: Whenever a pay rate in prior salary ranges is not included in salary ranges established in this ordinance, the salary of the officer or employee compensated thereunder shall be advanced to the next higher pay rate in the range established under this ordinance or under previous ordinances as set forth in Part II, Sec. 9.

Minimum Rate of Pay: The salary of an officer or employee receiving less than the minimum of the salary range established in this ordinance shall be advanced to the minimum step of the range unless specifically authorized otherwise.

Sec. 3. Recruitment Above the Minimum: To recruit qualified persons, appointment of a person to a position may be at a rate above the minimum rate within the established pay range provided it is determined by the Common Council that such rate is necessary and provided there is a footnote authorizing it. Otherwise a recruitment study request must be made to the Department of Employee Relations to determine the appropriate pay range necessary to recruit qualified candidates. With regard to positions covered by Part I, Sec. 2 of this Salary Ordinance, salary rates shall be in accordance with special provisions included in that section and in Part II, Sec.12 (for management) or Sec. 14 (for Assistant City Attorneys) of this ordinance.

Public Health Nurses and Public Health Nurse Supervisor: Any person who has held, by regular appointment, a position in the City service classified as Public Health Nurse, or Public Health Nurse Supervisor, has resigned in good standing from the service, and meets the criteria listed below, may upon recommendation of the appointing authority, be re-employed in such position or in another position of the same classification at a pay step above the minimum rate of the established pay range. The pay step may not, however, be higher than one pay step above the current recruitment step which the individual would be eligible for on the basis of the time they previously worked in positions in the same pay range. The criteria for being paid this higher rate is 1) determination by the Department of Employee Relations that there are recruitment problems for such position due to the shortage of qualified personnel and 2) in the judgment of the Department of Employee Relations, supported by a review of the employment history of the individual, such re-employment above the minimum rate would best serve the interests of the City.

Candidates with Masters' Degrees: Except as otherwise provided in this ordinance, any qualified candidate for appointment to a City position allocated to Salary Grades 001 through 003 and Pay Ranges 500 through 535, which requires for appointment possession of a bachelor's degree from a school approved by the Department of Employee Relations, who possesses a master's degree, may upon review of the appropriateness of graduate training by the Department of Employee Relations be initially employed at the third rate of the pay range (or 10% above the minimum for positions in Salary Grade 001 through 003), upon approval of the Department of Employee Relations. Any incumbent of a City position allocated to Salary Grades 001 through 003 and Pay Ranges 500 through 535 requiring for appointment the possession of a bachelor's degree from a school approved by the Department of Employee Relations may, upon earning a master's degree from such an approved school and approval of the Department of Employee Relations after a review of the appropriateness of graduate training, be advanced to that step or rate of pay in the pay range or salary grade to which the employee would otherwise have been entitled had initial appointment been at the third rate of the pay range or 10% above the minimum of the salary grade except, effective Pay Period 1, 2010 through Pay Period 26, 2011 employees represented by District Council 48, AFSCME, AFL-CIO and Nonmanagement/nonrepresented employees shall not have any pay step advancement. Such employees shall retain their salary anniversary dates.

Sec. 4. Voluntary Demotions and Demotions Resulting from Bumping for Year Round Positions: Whenever an employee (except those in bargaining units having different seniority and layoff contract provisions from the District Council 48 bargaining unit) is bumped down, or elects to take a voluntary demotion to another position in anticipation of being bumped, from positions which have traditionally provided year-round employment, the employee shall be paid at the normal maximum rate of the position the employee bumps to if this rate is not higher than the rate the employee was paid prior to being bumped.

If the maximum rate of the position the employee bumps to is higher than the rate the employee had been earning, the employee shall be paid the highest rate in the new pay range which does not exceed the rate the employee had been earning.

An employee who elects to take a position in a pay range which has special attainment steps, who meets the qualifications prescribed, or who would have qualified for them on the date the appropriate contract became effective, shall be paid the appropriate step.

In no event shall the employee, by application of this provision, be paid in excess of the rate the employee was earning prior to the reduction unless otherwise authorized.

When an employee who has been bumped to another position as specified in this paragraph is appointed to a different position, the employee shall be paid at least the highest step or rate of pay in the new range which does not exceed the step or rate of pay from which the employee had initially been bumped.
