

# THE CITY OF MILWAUKEE HEALTH DEPARTMENT

## MILWAUKEE OVERDOSE RESPONSE INITIATIVE (MORI) & OTHER HARM REDUCTION INITIATIVES

COURTNEY GEIGER, MHD  
LT GREG MILLER, MFD  
VICTORIA WRIGHT, MCMEEO  
AZIZA CARTER, MHD

CITY-COUNTY HEROIN, OPIOID AND COCAINE TASK FORCE  
MEETING | 5/5/2021

# MORI 2.0 DATA

(1/1/2020-12/31/2020)

- Attempted contacts: 1,853
- Successful Contacts: 653
- Treatment: 85

# MORI 3.0 DATA

(10/21/2020-5/4/2021)

Total Identified/Attempted: **197**

- Contacted = 62
- No Contact Made = 135

Referrals Made to MORI Partners: **25**

- Many others have accepted access to grief/loss counseling from the Community Resource Dispatcher

Declined/Ineligible: 119

- Declined Services = 38
- Ineligible for Service = 81

Incomplete

- Unable to Locate/No Answer: 53

# MORI CONTINUED...

96 adult and kid backpacks were purchased for MORI 2.0 & 3.0. in March of 2021

Contents include:

- Hygiene kits
- Scarves
- Socks
- Gloves
- Non-perishable food items and water
- Books/coloring books
- School supplies
- Toys

The intention is to leave something behind to let patients and families know we were there, we care, we're here for our community.

# MHD HARM REDUCTION DISTRIBUTION

## ALDERMAN MURPHY

(1/1/2021-5/4/2021)

- \$25,000 budget for 2021
- Purchase of Narcan and Fentanyl strips
- Partner with St. Francis Hospital, St. Josephs Hospital (ED) and Milwaukee Jails

Fentanyl Strips Distributed: 1100

Additional Narcan acquisition ongoing, currently with MHD legal.

# STATE NARCAN DIRECT PROGRAM

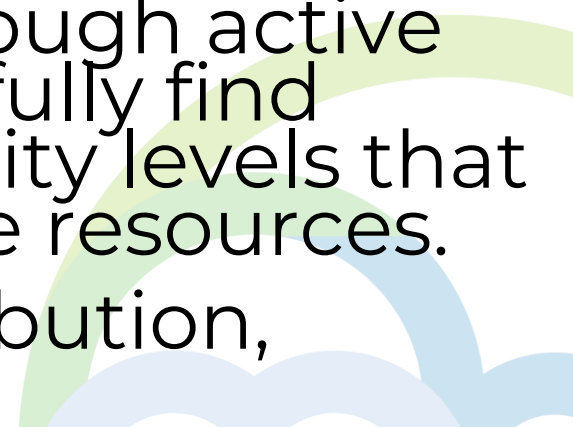

## NDP GRANT

- Distribution organizations: Sober living, Community Health Centers, Community Health Workers, Outreach, Homeless, Nurses, and more

2020	2021
402	108

# MARQUETTE AND MCW COLLABORATION

- Project with John Mantsch of MCW and two Marquette students: Cassie Laibly and Jonathon Mendyk
  - **Abstract:** Through a number of sources, Naloxone is now available without a prescription but these policies have not had an impact in lowering Opioid Overdose Deaths in Black and Hispanic Communities. We want to examine factors that decrease accessibility to Narcan through active community engagement and hopefully find solutions at individual and community levels that will increase accessibility to available resources.
  - **Ideas:** Develop app for Narcan distribution, Narcan delivery
- 

# SAFETY SYRINGE DISPOSAL PROGRAM (NACCHO GRANT)

- Collaboration with Vivent Health, UMOS and SSCHC
- 1500 1 quart containers for distribution

# QUESTIONS?

# THANK YOU!
