RE: 2335 N 16th St
(Address of property in question)

Under ch. 68, Wis. Stats., s. 320-11 of the Milwaukee Code of Ordinances, this is a written petition for appeal and hearing.

I am appealing the administrative procedure followed by DNS
(Name of City Department)

Amount of the charges \$ 1,016.00

Charge relative to: ~~DNR~~ VBR

I feel the City's procedure was improper due to the following reasons and I have attached any supporting evidence, including city employee's names/dates which I spoke to regarding this issue and copies of any city orders received:

There has been a tenant in the property from day one that property was purchased. One of the original tenants (~~Don~~ Lequishiea Green) still resides at the property today. This is one of several notices I've received from neighborhood services that is completely false of our responsibility. I feel all charges should be removed from my taxes and my filing fee for this appeal should be returned given the information provided of residency.

MMSD CHARGES

MMSD Sewer Treatment Service Charge is a fixed charge based on the size of the water meter. The charge for residential and small commercial water meter sized 5/8" or 3/4" is \$23.83 per quarter.

MMSD Sewer Treatment Usage Charge is \$2.27 per Ccf of water used. The residential charge is based on water use in the first quarter of each year (winter usage). If water use is less than winter usage for the next three quarters, the lower of the actual water Ccf or 21 Ccf is used to calculate the charge. The non-residential charge is calculated using actual water use.

MILWAUKEE MUNICIPAL SERVICES CHARGES

Billed to all properties including vacant, improved property, tax-exempt property, and undeveloped lots. Charges for non-water-related services continue to be billed to a property even after water service is turned off at the curb. Depending on when the water was turned off, water and sewer charges may appear on the first bill after the turn-off. Some charges appear in part on this bill and the property tax bill.

Local Sewerage Charge is \$1.78 per Ccf of water used. Residential charge covers maintenance of city sewers and is based on the same method as MMSD Sewer Treatment Usage Charge. The commercial charge is based on actual water usage. Commercial customers who use a large quantity of water but do not discharge all of it to the sewerage system may be certified by MMSD for a discounted charge. Call MMSD, (414) 272-5100.

Storm Water Management Charge is based on the amount of hard surface area of a property and pays for storm sewer maintenance. The charge per residential building with 1-4 units is \$25.86 per quarter. The charge for non-residential, developed property and vacant, improved property (including buildings with more than 4 residential units) is \$25.86 per 1,610 sq. ft. of hard-surfaced area, or one Equivalent Residential Unit (ERU), per quarter.

Solid Waste Charge is \$65.34 per quarter per dwelling unit, including vacant units, for garbage collection. As applicable to non-residential property, the charge is \$65.34 per cubic yard.

Extra Garbage Cart Charge \$19.53 per quarter per extra cart for dwelling units with more than one garbage cart. To request removal of extra carts, please call (414) 286-CITY (286-2489).

Snow and Ice Removal Charge is \$1.15 per foot of street frontage for all properties. It partially offsets the cost of plowing and salting streets. It appears only on the fourth quarter bill. The shortest frontage is used for-

residential properties with more than one frontage (corner lot). Non-residential properties are billed based on total street frontage.

Street Lighting Charge pays for street light repair, maintenance and customer service. All properties with street lighting are billed \$1.08 per foot of street frontage annually. All bills include a portion of the full year charge. The shortest frontage is used for residential properties with more than one frontage (corner lot). Non-residential properties are billed based on total street frontage.
