RE: 524 W Clarke St.
(Address of property in question)

Pursuant to Chapter 68 of the Wisconsin Statutes and Section 320-11 of the Milwaukee Code of Ordinances, this is a written petition for appeal and hearing.

I am appealing the administrative procedure followed by Dept of Neighborhood Service
(Name of City Department)

Amount of the charges \$ 200⁰⁰ \$202.80

Charge relative to: Bldg Code Violations + Re inspection fee

I feel the City's procedure was improper due to the following reasons and I have attached any supporting evidence, including city employee's names/dates which I spoke to regarding this issue and copies of any city orders received:

This dept has referred house to main court. In Sept 22, 2016 went to court / gave me 90 days back in court 12/20/16
Court gave me fine / Inspector came out even though case was in court system and fine leveled but jurisdiction given to court & I was working with them
I should not be fined because Inspector gave up jurisdiction to court. I'm being fined by court/DA and Inspector is coming out to generate money when this dept. knows I'm working with DA + court.
Double dipping on this department

This property is in fore-closure, as well as under bankruptcy but the city does not appear to honor these circumstances. In Sept. of 2016 the address was referred to the Court System, I appeared in court and the Municipal Court gave me 90 days to correct the violations. The problem is I do not possess a clear title to the property due to Ocwen's failure to process my paperwork in a timely manner.

I went back to court on Dec. 20, 2016 where city gave me a fine of \$1300.00 and a payment plan.

While working with the court system, the department of Neighborhood services sent an inspector out and charged me \$200 for an inspection, An appeal forth coming.

Then on 12/29/2016 another inspector came out and issued another set of orders while I was still in the Court proceedings.

This complaint is based on my being caught between three departments in City government and all of them leveling fines on the same property at the same period of time. I feel this is double jeopardy on the part of the city to secure money on all hand. You say no property tax increase but you burden us with taxes, and fines and fees.

It would appear to me if the department of neighborhood services is going to make you improve on your property that's fine but once they turn it over to the court system, they would not be allowed to at the same time put fines on you, since they relinquish their rights to the property by turning it over to the court system. How can all departments have a right to administer a fine, when all of them are housed under the "City of Milwaukee". It places a home owner in a "Catch Twenty-two situation". Trying to obey the Court as well as trying to settle the issue. While fines are mounting.

This house is supposed to be protected under the Federal Bankruptcy Law, yet the City of Milwaukee is harassing me, by dragging me into court, by sending me orders that are being addressed by the Municipal Court, and by sending orders at a time when the weather just doesn't permit improvement in sub-temperature whether.

This house isn't even my house because I have not been able to obtain the mortgage from Ocwen, yet the city wants to be responsible for something out of my control.

The worst part is the mayor is on TV advertising the city is giving houses for \$1.00 yet I can't get them to help me rehab this house.
