Dear Alderman D'Amato,

Please let this letter serve as my support for the continued operation of Video Sophisticate, located at 9110 West Brown Deer Road, Milwaukee, WI.

On June 25, 2007, the Milwaukee City Plan Commission voted to "Send to File" on reference file # 070287, which was an amendment to a Detailed Planned Development (DPD) known as North Meadows Stage 5 that would have allowed the continued operation of the existing adult retail establishment. The legislative assistant to Alderman Puente indicated at the meeting that the alderman's office had received more public contact (letters, telephone calls) that were in favor of the amendment. I ask that you, as a member of the full Milwaukee Common Council, vote not to accept the Plan Commission recommendation and instead vote to approve the amendment as written.

I feel that a store of this type, especially one that is operated in a clean, well-lit and safe manner like Video Sophisticate is a benefit for the retail center and the neighborhood where they are located. Video Sophisticate provides products for customers that both live in the area of the store, as well as customers that come from all over the metropolitan area. This serves both as a convenience for the local customers, and a draw to bring revenues into the City of Milwaukee.

Thank you for your consideration in this matter, and I would appreciate any support you can give to the continued operation of Video Sophisticate.

Sincerely,

(Signature)
