Good afternoon, Carlen and Tim,
I am following up to Tim's request from last Thursday regarding additional skylight information for 2505 N Wahl.

I'd like to be certain that I am submitting the appropriate material to you so if you need something else, or additional documentation, say the word and we will get you what you need! If this is for distribution and would like it formatted to match our original submission please let me know.

We plan to use a Wasco Skylight. We can custom size based on the requirements of the project. We plan to use their Extended Pyramid shape. The plan to specify a 'Quaker Bronze' anodized aluminum with clear glass.

I've attached a cut sheet from Wasco. I've also included a photo from Wasco; however, this is not the finish or scale we plan to pursue. I've included an interior image which shows the design intent of the space.

Please let me know whether you have any additional questions!
Thank you,
Laura

Ms. Bush:

In regard to your COA application for 2505 N Wahl Avenue, I need some additional information. Could you please provide design specifications for the proposed skylight along with a photograph of such a skylight? Manufacturer-provided materials are acceptable.

Thank you,
