

Reply to Common Council File No. 030396

From DOA-Budget and Management Division

July 2, 2003

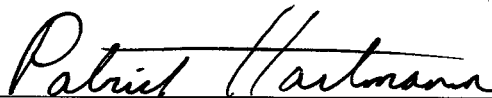

Ref: 03030

Common Council file 030396 is a resolution to authorize the Health Department to accept and fund the Childhood Lead Poisoning Prevention Grant project from the Center for Disease Control through the State of Wisconsin Division of Health and Family Services. This grant project totals \$538,094, with a grantor share of \$538,094(100%) and is funded by the grantor from 07/01/03 to 06/30/04. The project is intended to support comprehensive and coordinated service delivery to lead-poisoned children in the City of Milwaukee. As a result, approval by the Common Council is requested to amend the 2003 Positions Ordinance to delete one Office Assistant II (W).

This award represents a continuation of the Childhood Lead Poisoning Prevention Grant that was awarded in 2000 and has resulted in \$2.4 million in grantor funding. This funding provides screening, laboratory analysis, nursing care management, environmental inspections, community health education and program management to identify lead poisoned children and to provide services that minimize the damaging effects of further exposure to lead-based paint hazards.

The fiscal impact of this file is an increase of \$538,094 from the grantor over the grant period.

RECOMMENDATION: APPROVE COMMON COUNCIL FILE 030396 WHICH AUTHORIZES ACCEPTANCE AND FUNDING OF THE CHILDHOOD LEAD POISONING PREVENTION GRANT.
