Honorable Terry L. Witkowski
Alderman, 13th Aldermanic District

SUBJECT: 13th ALD. DIST. - FILE #130931
INSTALL STOP SIGNS ON WEST WILBUR AVENUE
AT SOUTH 15TH STREET

REMOVE YIELD SIGNS ON WEST WILBUR AVENUE
AT SOUTH 15TH STREET

Dear Alderman Witkowski:

A review of the intersection of West Wilbur Avenue and South 15th Street has revealed the need to change the present yield control to a stop control, based on crash data received from the Milwaukee Police Department, which indicates an increase in accidents at this intersection.

We therefore, in the interest of public safety, recommend the installation of the above-captioned traffic control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

SUBJECT: 13th ALD. DIST. - FILE #130931
INSTALL YIELD SIGNS ON WEST BARNARD AVENUE
AT SOUTH 22ND STREET

Dear Alderman Witkowski:

This is in response to a request we received from a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that sight obstructions exist on the southeast and southwest corners of the intersection in the form of hill and bushes that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.

SUBJECT: 11th ALD. DIST. - FILE #130931
INSTALL STOP SIGNS ON WEST CRAWFORD AVENUE
AT SOUTH 48TH STREET

Dear Alderman Dudzik:

This is in response to a request we received from a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the northwest corner of the intersection in the form of a hedge that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
