

I am currently a constituent of the 10<sup>th</sup> Aldermanic District and it has been brought to my attention that the district lines have changed slightly. I am also aware that there is a plan to change the districts number to the 7<sup>th</sup> Aldermanic District. I am opposed to such a change and would prefer to keep the number 10 as my district number. Since most of the residents of the new district are from the 10<sup>th</sup> Aldermanic District I do not see a need for a change in the district number.
