To the Public Works Committee

Subject: Common Council Resolution File Number 140600

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 140600, being a resolution to amend a special privilege to Marquette University for additional chillers lines crossing West Wisconsin Avenue for the building at 1515 West Wisconsin Avenue which is in a greater network of chiller, steam, electrical and communications lines for the university campus at and adjacent to 1801 West Wisconsin Avenue.

Marquette University had requested permission to keep or construct chiller lines, steam lines, electrical lines and communications conduit in various public rights-of-way to serve buildings on the university campus. Permission for said items was granted under Common Council Resolution File Number 110257 in 2011. Presently, Marquette University is requesting permission to construct and maintain two, 18-inch diameter chiller lines crossing West Wisconsin Avenue at a point approximately 393 feet east of the North 16th Street.

We are not aware that the presence of said items has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will grant permission for the new chiller lines to occupy the public right-of-way and allow previously permitted items to continue to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Ghassan Korban
Commissioner of Public Works

Art Dahlberg
Commissioner
Department of Neighborhood Services
