Thank you August 8, 2008
♦

Ben,

Though I believe we have never met, I feel as though a "Thank you" to you is most appropriate.

At the July 1, 2008 CC Meeting a presentation was made to officially receive the C.L. Corcoran family clock by the City of Milwaukee. That presentation and all it involved over the previous months on behalf of the city,

the CC, you/your office, etc. gave me, my family a meaningful and significant honor; the knowledge and peace that comes with knowing that my grandfather's clock (truly a grandfather's clock!) is back home in Milwaukee - within City Hall, a gorgeous, grand building which shares some of Milwaukee's rich history with my grandfather, C. L. Crehan. He would be honored knowing that this special clock is now in the anteroom of the CC chambers. It is my hope that some of his spirit, energy, kindness and vision arrived with "said" clock. Always within our home ^(+ remain) C. L. C.'s presence was felt - as this clock meant a lot to him, his family. Thank you, Heidi-Toni Hall,
