Subject: Good evening

Some people who received this message don't often get email from quaishahendree@gmail.com. [Learn why this is important](#)

To whom it may concern,

I am writing to you today as a resident of Milwaukee to formally express my opposition to the proposed data center on the city's north side. I do not support the development of this facility in this specific location, nor in any other area within the north side of Milwaukee.

I believe this lot space would be better utilized by responding to the growing food deserts in our city, particularly in neighborhoods where the Black community resides. Given the increasing number of grocery store closures, it is vital that the city prioritizes initiatives that combat the lack of food access for its residents. I urge the city to consider developments that provide essential resources and support the well-being of the local community instead of the proposed data center.

Thank you for your time and for considering my concerns on this important matter.
