FINANCE & PERSONNEL COMMITTEE CONTINGENT FUND REQUEST INFORMATION FORM

DEPT	:: DNS CONTACT PERSON & PHONE NO .: TRACY WILLIAMS X 2548
Α.	REASON FOR REQUEST (Refer to File 921360 for definitions) CHECK ONE: BMERGENCY CIRCUMSTANCES OBLIGATORY CIRCUMSTANCES FISCAL ADVANTAGE/COMPLIANCE WITH FISCAL MANAGEMENT PRINCIPAL ROOM RECEIVED TO THE PRINCIPAL ROOM ROOM RECEIVED TO THE PRINCIPAL ROOM RECEIVED TO THE PRINCIP
В.	SUPPORTING INFORMATION SUPPORTING INFORMATION
1.	State the action requested, including the dollar amount and specific departmental account(s) to which the Contingent Fund appropriation would be made.
	DNS has a backlog of structures that need to be razed and is requesting \$150,000 in contingent funds. These structures are both privately owned and city owned that are either fire damaged, severely deteriorated or structurally unsound. Specific Department Accounts are as follows: <u>DNS Razing Fund year 2002:</u> Account #635506; Fund 0001; Program Code 3960; Dept. 6300; Class S162. <u>City Owned Fund:</u> Account #635506; Fund 0170; Program Code 3963; Dept. 3600; Class G106; Budget 0000; Grant #CD5375040028
2.	State the purpose of the action requested which includes the program, service or activity to be supported by the funding, as well as the objective(s) to be accomplished.
\$	
	DNS contracts out for the demolition of city owned and privately owned buildings that are either fire damaged, severely deteriorated or structurally unsound. This contingent fund of \$150,000 would assist us in razing approximately 9 privately owned structures and 9 city owned structures for a total of 18 structures.
3.	Describe the circumstances which prompt the request.
	There was a reduction in funds in the special purpose account for budget year 2002 of \$400,000 for demolition of privately owned dwellings but the number needing to be razed has not decreased thereby creating a backlog. Secondly, the grant funds that cover the cost of demolition of city owned buildings has remained approximately the same but there has been an increase in the number of requests for demolition from DCD due to an increase in tax foreclosed properties. These grant funds were depleted by August 2002, which has created a backlog. Finally, the cost of demolition has increased due to additional regulations mandated by the DNR.
4.	What are the consequences of not providing the program, service, or activity which is funded by this request?
<i>\$</i> 1	Buildings scheduled for demolition will be on hold until funds are available from the 2003 budget. This may cause the backlog to perpetuate into 2003 for both city owned and privately owned buildings. This will affect our ability to raze and remove condemned building in an efficient and timely manner. Fire damaged, severely deteriorated or structurally unsound structures that are not razed and removed in a timely and efficient manner are dangerous to the surrounding neighborhood and frequently become targets for vandalism, illegal activities, and new fires. This causes the city to use additional resources to maintain and control these properties.
5.	Explain why funds authorized in the Budget are insufficient to provide for the program, service, or activity in question.
	An amendment was passed allowing for DNS razing fund to be reduced by \$400,000 for the 2002 budget. In 2002, the number of building referred to condemnation has remained the same and the cost of razing a structure has either remained the same or has increased due to additional regulations mandated by the DNR. The number of city owned building referred to DNS by DCD has increased due to an increase in tay forcelesed proporties.

increased due to an increase in tax foreclosed properties.
