**Subject:** Zoning Change Concern

Hello Ms. Schiller,

My name is Reginald L. Lawrence II, a resident of Fairway Place 11007 W. Villa Avenue. I am writing you to share my frustration as well as opposition to the zoning change and senior housing plan that is going in front of the board on Monday, Oct. 13, 2008. I am extremely upset that this proposal is even being given any thought. When we, the current Fairway Place residents, built our homes in this subdivision 8 years ago, there was no one that even wanted to live in this area. Developers since then have done nothing but try to make more money by building, better yet, crowding us in with a large number of senior living, assisted living homes. They are right in some of our own backyards and have brought increased traffic, ambulance and fire siren noise to a once quiet place. We have enough of them in our neighborhood and don't need anymore. I oppose the new developments.
