Jim,

CCFN 250211 is legal and enforceable. I apologize, I thought I had sent that message to you last week already. I probably typed up a draft and never hit send. When that one is fully approved and signed by the mayor, can you send me a copy as it will need to be recorded on the title to the properties involved.

I'll defer to Robin on CCFN 250291 as that would fall under his section of the office.

Morning,

I have these two and three others to which I have not received a response for tomorrow's meeting.

Thanks,

Jim
