BMA 30 SCHEDULE B - FUND TRANSFERS AND/OR EQUIPMENT REQUESTS

Finance and Personnel Meeting: May 15, 2008

Fund transfers listed were approved by the Finance & Personnel Committee.

Department Account Name	Amount of Transfer		Reason
	From	To	
City Attorney Damages & Claims Fund Outside Counsel/Expert Witness Fund	\$200,000.00	\$200,000.00	To fund outside counsel and expert witnesses in pending cases. Damages & Claims Fund has funds available since large pending cases not likely to be resolved in 2008.
Dept. of Neighborhood Services Essential Services Graffiti Abatement	\$21,085.57	\$21,085.57	Planned carryover of unspent funds from 2007 to increase the ability of DNS to respond to the demand for graffiti abatements based on an increase in graffiti complaints.
DPW-Parking Fund Parking Fund Salaries Parking Fund Operating Expenditures Parking Fund Fringe Benefits	\$188,871.00 \$25,382.00	\$214,253.00	Appropriation authority is needed before the Comptroller can record expenditures. This fund transfer provides appropriation authority in the Parking Fund to record other post employment benefits (OPEB) in the employee benefits account. Starting in 2007, the Government Accounting Standards Board (GASB) requires the City recognize an actuarial valuation for OPEB expenses in the financial statements of enterprise funds. GASB does not require OPEB costs be reported in governmental funds. The Budget for OPEB provides the legal authority for the Comptroller to record OPEB expenses on the City's financial records of the enterprise funds. Any decision to start funding the actuarial valuation of OPEB is a policy decision of the Common Council and Mayor.
DPW-Sewer Maintenance Fund Water Quality Projects I & I Reduction Project	\$400,000.00	\$400,000.00	A Stipulation agreement was reached in 2005 between the State DOJ and MMSD and its tributary communities (including Milwaukee) that prescribed actions to reduce Sanitary Sewer Overflows. The \$3 million I&I reduction program funds phase I of the effort to comply, but additional funds are needed. In particular, bids to conduct Storm Sewer Flooding and Sanitary Sewer Televising were higher than anticipated. Funds available in the Water Quality Projects program were intended to cover city costs for a bio-retention facility in the Menomonee Valley. The scope of that project was reduced to complete the work within budget and the remaining funds are now available for reprogramming.

SCHEDULE C - GENERAL MATTERS

1. Miscellaneous matters
