INSTALL STOP SIGNS ON
NORTH 97TH STREET AT WEST TOWNSEND STREET

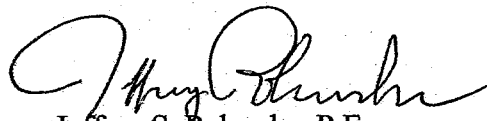

Dear Alderman Bohl:

This is in response to your request on behalf of Mr. Ron Ingram to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction on both the northeast and northwest corners of this intersection reduces the available safe approach speed. We, therefore, in the interest of public safety, recommend the installation of Stop signs on North 97th Street at West Townsend Street.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

WEST HADLEY STREET FROM
NORTH 27TH STREET TO
WEST FOND DU LAC AVENUE

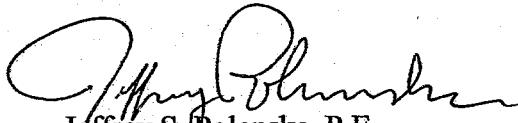

Dear Alderman Gordon:

This is in response to a request we received from Ms. Debie Moncree to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that since the street is strictly residential and trucks are using the street as a short-cut, we recommend that heavy trucks be prohibited on West Hadley Street, between North 27th Street and West Fond du Lac Avenue.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Dear Alderman Murphy:

This is in response to your request on behalf of Mrs. Lisa Emmons to install the above-captioned traffic control restriction.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.
