

JAMES A. BOHL JR.
Alderman, 5th District

September 6, 2005

Mr. Kelly McKenzie
3210 North 94th Street
Milwaukee, WI 53222

Dear Mr. McKenzie:

Recently you contacted me to request the placement of stop signs at the intersection of North 94th Street and West Auer Avenue. You stated that there are no stop signs at this intersection and that the placement of them would calm traffic.

I have requested that the DPW – Traffic & Lighting Engineer investigate this matter. Typically the DPW has strict rules on the placement of stop signs. They require 3 accidents in a 12-month period. This standard is not usually met. However, if a substantial majority of residents within a one-block radius of the intersection in question, sign a petition form, the department will reconsider the matter with aldermanic approval. For your benefit I have enclosed a petition form. You may choose to expedite the process by collecting signatures from local neighbors in favor of the proposal. Please return the enclosed petition form as soon as it is completed.

I am glad to be of service to you. If you have any additional concerns with this matter or any other, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jim Bohl". The signature is written in a cursive, flowing style.

Jim Bohl, Alderman
5th Aldermanic District
