I am, and have been a Milwaukee resident since 1976, both as a renter and homeowner, and am against the change currently being proposed, as I feel that there not only needs to be a strong policy against reckless driving, but we also need to have more Police officers holding people accountable for their actions, not a watered down policy and more restrictions on officers who are only doing their jobs and keeping the public safe!! And as an active cyclist, of which I enjoy, I want to have a safe place to ride, as we all wish to have, not to fear that reckless driving will consume me or one of my friends while on the roads of this city.

Thanks for your support of maintaining the current policy, and support for the people who protect the public safety of our city.
