Dear Mr. Lee,

I am so proud of Milwaukee for developing the Milwaukee Climate and Equity Plan.

When I first heard about the plan in a presentation, I was so impressed with its mission and the procedures for development including participation of the Milwaukee community. I have stayed in touch and am even more impressed with the finished product. It addresses two of the very critical issues we are facing = the climate and inequality. Implementation of these plans are critical for Milwaukee, the surrounding area AND the state of Wisconsin.

I look forward to its consideration and approval.

Sincerely,  
Lorna Hilyard
