City Clerk
ATTN: CLAIMS
200 E Wells St. Room 205
Milwaukee, WI 53202-3567

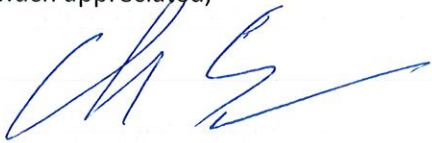

To whom it may concern,

This letter is to start a claim regarding damage and repairs to my home as well as the loss of personal property after an incident on June 10th 2024 when workers were changing the water meter.

On the morning of Monday, June 10th a technician scheduled by the city came to my house at 3240 N 80th St to change the water meter. During that change, the pipe upstream of the meter was broken and water started to spray into the basement. Indoor correction of the break was not initially able to be completed and a larger crew was called to find and shut off the water to the house at the street. After an amount of time, the water entering the house was stopped and the meter change was completed.

I intend to submit this claim for the damages to my home, repair of those damages, and reimbursement of personal property damaged in the incident. An itemized document will follow this letter outlining all expenses and property damage related to the incident.

Much appreciated,

Chris Sendelbach
