Subject: Reject the Data Center Proposal
Date: Thursday, May 14, 2026 7:10:28 PM

Some people who received this message don't often get email from fabiola.magana.1996@gmail.com. [Learn why this is important](#)

To Whom It May Concern,

A data center within our great city would be a detrimental development for Milwaukee. Not only are there environmental implications with this potential construction but we have seen throughout the country that the regulations of these data centers are substandard, making the constituents responsible for its maintenance. And what do we gain from this?

Jobs? Not quite since AI has been proposed to REPLACE workers once data centers are constructed. Cheap prices? NO. Without regulations, we have seen other communities spend more on their electrical and water bills.

So please, do not do this. Listen to your constituents.

Best,
Fabiola Magaña, BSN, RN
