Valued City of Milwaukee VND Committee Members,

As a resident of the neighborhood, I would like to express my support for the St. Mark's Church and Apartment project.

I support the rezoning of this site from RM-3 to RM-6 to allow this important project to move forward.

I believe that infilling our vacant parcels with quality development is vital to the continued stability of our important neighborhood. I also know that this project will help financially support the continued upkeep and stewardship of the historic St. Mark's church building. Finally, I believe that the scale, massing, quality materials, and architectural quality of the proposed apartment building are in keeping with our historic district.

Sincerely,

Robert Schmidt
