RE: "Title Only" Grant  
Resolutions

Dear Mr. Zielinski:

This is to provide you with background information on the grant resolutions that the Health Department would like to be introduced:

Tobacco Control Grant - The resolution will approve the application, funding and expenditure for this grant. Funded by the State of Wisconsin Division of Public Health, the program will continue the goals of the broad-based community tobacco coalition in order to achieve a strategic community plan to eliminate the morbidity and mortality associated with tobacco use.

Refugee Screening Grant - This resolution authorizes the Milwaukee Health Department to accept the funding to aid the Tuberculosis Control Clinic in its activities.

Maternal and Child Health Grant - The resolution approves funding from Meta House to provide intensive nursing care management to substance-using, African American pregnant or postpartum women and their families.

As always, thank you for your consideration of these "title only" resolutions. The files will be filled as soon as possible.

Sincerely,

Yvette M. Rowe  
Business Operations Manager-Health
