Subject: No to the data center building proposed to be built in Midtown Milwaukee, Wisconsin
Date: Thursday, May 14, 2026 10:48:41 PM

Some people who received this message don't often get email from chefdeborahserve@yahoo.com. [Learn why this is important](#)

High Energy Demand: Data centers consume massive amounts of electricity continuously.

Local Grid Overload: Massive power draws can strain neighborhood electrical substations.

Residential Blackouts: Grid strain risks causing frequent power outages for families.

Life-Safety Risks: Outages jeopardize nearby daycares and medically vulnerable residents.

No to the building creating placement of any sort of data center and the old Walmart shopping center area between 60th and 56th between Capital Fond du Lac Avenue.

My name is Deborah Spriggs-Ross and I am a resident at 3617 N. 55th St., Milwaukee, WI 53216 A resident of the Sherman Park Glassmore area for 32 years and I absolutely say no!
