TO WHOM IT MAY CONCERN:

The Racine County Veterans Service Office has been partnered with Veterans Outreach of Wisconsin since the day they opened the village in November of 2017. Thanks to support from Racine County, WDVA, and the VA we have been able to bring the resources to the Veterans. VOW can provide assistance with housing, food share, employment, federal/state benefits, County benefits, and overall integration back into society to assist them with their overall success.

Our office has a service officer located at VOW on the first Thursday of every month to assist with benefits. We are in full support of expansion into the city of Milwaukee to better serve our Veteran community in Southeastern Wisconsin.

Sincerely,
