RE: C. I. File No.: 01-S-336

Claims:

I'm writing to appeal the unjust decision made by Mr. Overholt and Grant Langley. Honestly, I'm shocked as well as upset with such a decision from the city! I don't understand the logic of their reasoning.....

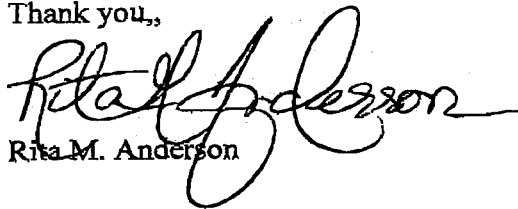

Mr. Overholt admitted as well as saw the metal remains that was there on city property, as well as had the City of Milwaukee remove the hazard from the city's property.

Yes, I was maintaining the property, as a good homeowner and taxpayer should do, and the City of Milwaukee penalizes me. Yes, I'm baffled.....

Yes please, I'm requesting a hearing in this matter.

Any questions, I can be reached at 414-302-9041

Thank you,,

Rita M. Anderson

Hello,

My name is Rita Anderson and please find enclosed a copy of a receipt for my lawn mower repaired and original receipt. I had to get my lawn mower repaired because the city has not removed or covered the remaining part of a metal pole that is left from a sign that use to be on the corner of North/East 36th and Townsend. The pole has been cut down to about 3 to 5 inches above ground and it is in grassy area and it is not visibly noticable unless you're looking for it.

Bottom line, because of this, my lawn mower was damaged beyond use until I got it repaired. My lawn mower cost \$350.00 and it's less than 3 years old. Furthermore, it's a hazard. Very, very dangerous.

Please expedite this reimbursement as quickly as possible. I thank you in advance for your time and efforts concerning this matter.

Cordially,

Rita M. Anderson
