To the Public Improvements Committee

Subject: Common Council Resolution File  
Number 041385, North 76<sup>th</sup> Street –  
West Florist Avenue to County Line Road

Dear Honorable Members:

Common Council Resolution File Number 890636, adopted on July 25, 1989, authorized and directed the execution of a project agreement with the Wisconsin Department of Transportation (WISDOT) for the programming and reconstruction of North 76<sup>th</sup> Street between West Florist Avenue and County Line Road, with 88% Federal and/or State aid, under the State Trunk Highway (STH) program.

The original agreement's local share (12%) was based on the amount of parking allowed on this segment of street at that time. Parking has since been prohibited on this entire segment of roadway, thereby eliminating the requirement for the City to participate in the costs of its reconstruction. Per WISDOT policy, however, the revised project agreement reflects local cost participation on new sidewalk the City has requested and a contingency amount for any water and/or sewer alterations that may be necessary as part of the roadway's reconstruction. The City's share of this work is estimated to be \$105,000.

The attached resolution authorizes and directs the Commissioner of Public Works to execute the revised project agreement.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works
