# Wooden Porch

## East side of building

This picture is of the original railing that was on the porch, on the east side of the building. There are 4 panels, that would indicate that the size of the porch was 8 ft wide. The pieces are in poor condition. We would like to restore 3 of them to incorporate this "S" the railing of the porch and pergola.

Painted

Attached is the layout of what we vision the porch to look like.

This baluster will be used on the porch and the Pergola.

# Pavers

## *Center of yard - burnt orange*

We will be laying Clay Paver as the sidewalk and under the Pergola.

We have been selling Clay pavers as a fund raiser.

Guests bricks have a written a message.  
These messages all tell a story of while they were at the B&B.

These will be throughout the side walk and under the Pergola.

They will not be seen right when you walkin the yard but more towards the center.

The pattern in the picture is what we plan on having laid.
