#### COMMITTEE MEETING NOTICE

AD 04

CONKLIN, JR, Robert E, Agent PROBUCOLLS ASSOCIATION 9733 W GREENFIELD AV WEST ALLIS, WI 53214

You are requested to attend a hearing which is to be held in Room 301-B, Third Floor, City Hall or you may attend virtually using the link below.

#### Tuesday, November 11, 2025 at 02:30 PM

The access code is <a href="https://meet.goto.com/658271221">https://meet.goto.com/658271221</a>. Please see the enclosed best practices document for further instructions.

Regarding:

Your Rooming House License Renewal Application as agent for "PROBUCOLLS ASSOCIATION" for "THE CLARK HOUSE" at 933 N 24th St.

There is a possibility that your application may be denied for one or more of the following reasons: The recommendation of the committee regarding the application shall be based on evidence presented at the hearing. Per MCO 85-4-4, unless otherwise specified in the code, probative evidence concerning non-renewal, suspension or revocation may include evidence of the following: failure of the applicant to meet municipal qualifications, pending charges against or the conviction of any felony, misdemeanor, municipal offense or other offense, the circumstances of which substantially relate to the circumstances of the particular licensed or permitted activity, by the applicant or by any employee or other agent of the applicant. If the activities of the applicant involve a licensed premises, whether the premises tends to facilitate a public or private nuisance or has been the source of congregations of persons which have resulted in any of the following: disturbance of the peace; illegal drug activity; public drunkenness; drinking in public; harassment of passers-by; gambling; prostitution; sale of stolen goods; public urination; theft; assaults; battery; acts of vandalism including graffiti, excessive littering, loitering, illegal parking, loud noise at times when the licensed premise is open for business; traffic violations; curfew violations; lewd conduct; display of materials harmful to minors, pursuant to s. 106-9.6; or any other factor which reasonably relates to the public health, safety and welfare, or failure to comply with the approved plan of operation. See attached police report or correspondence.

Notice for applicants with warrants or unpaid fines:

Proof of warrant satisfaction or payment of fines must be submitted at the hearing on the above date and time. Failure to comply with this requirement may result in a delay of the granting/denial of your application.

Failure to appear at this meeting may result in the denial of your license. Individual applicants must appear only in person or by an attorney. Corporate or Limited Liability applicants must appear only by the agent designated on the application or by an attorney. Partnership applicants must appear by a partner listed on the application or by an attorney. If you wish to do so and at your own expense, you may be accompanied by an attorney of your choosing to represent you at this hearing.

You will be given an opportunity to speak on behalf of the application and to respond and challenge any charges or reasons given for the denial. No petitions can be accepted by the committee, unless the people who signed the petition are present at the committee hearing and willing to testify. You may present witnesses under oath and you may also confront and cross-examine opposing witnesses under oath. If you have difficulty with the English language, you should bring an interpreter with you, at your expense, so that you can answer questions and participate in your hearing.

You may examine the application file at this office during regular business hours prior to the hearing date. Inquiries regarding this matter may be directed to the person whose signature appears below.

Limited parking for persons attending meetings during normal business hours is available at reduced rates (5 hour limit) at the Milwaukee Center on the southwest corner of Kilbourn Avenue and Water Street. You must present a copy of the meeting notice to the parking cashier.

PLEASE NOTE: Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through sign language interpreters or other auxiliary aids. For additional information or to request this service, contact the Council Services Division ADA Coordinator at (414) 286-2998, Fax - (414) 286-3456, TDD - (414) 286-2025.

Subject: Licenses and Conditions at: 2424 W. Kilbourn Ave, 933-947 N 24<sup>th</sup> St, Milwaukee, WI 53233

Dear Ladies and Gentlemen,

I am writing to provide additional information regarding the subject properties, and opposition information regarding the license application that was heard on Tuesday September 30, 2025, which was held to the call of the chair.

In 2003-04 hundreds of citizens participated in the federally funded comprehensive planning process for the near west side. This plan was passed by the common council on March 19, 2004 (file #031371), and became part of the City of Milwaukee's Comprehensive Plan at that time. The 'Residential Goals' were to strengthen the fabric of the neighborhood, remove blighted and poorly managed multifamily buildings, and to increase home owner occupancy. In keeping with this comprehensive plan, Alderman Bauman introduced a new land use plan in 2005 (file #041298), that was intended to reduce the number of blighted rooming houses and other multifamily properties, and provide redevelopment for homeownership opportunities, and improve the safe and quality of life on the near west side. Many in the neighborhood including most of the properties on my block—lost the ability to have future multi-family use from a zoning perspective. The Clark House properties were grandfathered in for use as rooming houses for the prior owner, but these properties were marked for redevelopment in our 2004 comprehensive plan. The prior owner held the licenses in his personal name, and they weren't transferable. Once he sold them in early 2020, only the largest property at 933 N 24th St was zoned RM6. Again, upon sale these properties in January of 2020, they no longer had licenses and could not be used as rooming houses, and should have been closed and vacated upon sale.

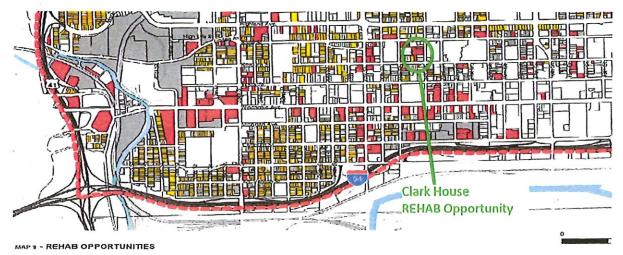

## FILE NO. 041298 Map

New ZONING RT3

## Rehab Opportunity – Clark House

Approved by Milwaukee Common Council – March 19, 2004, amended 2009

We have seen over and over that the federally funded comprehensive plan has not been implemented, zoning has been ignored, building codes have been ignored/not enforced, MPD has ignored police calls for service at rooming houses, falsified applications for license "renewal" have been ignored by the City Clerk's Office, the licensing department has pretended to issue licenses without a hearing, and those "licenses" were not included in the file that was voted on by the License Committee or the full Common Council (September of 2020). By federal law, rules and regulations, all laws and zoning need to have uniform enforcement, regardless of neighborhood, type of property, or the type of people living in a neighborhood. But that has not been the case in Avenues West and other parts of the Near West Side, and specifically on my block. One of the Aldermen on the License Committee asked me at the September 30, 2025 hearing specifically how the conditions at the Clark House properties have affected my quality of life, and I don't think I ever gave him an adequate answer. My civil rights have been violated for two decades. It has had a devastating impact on me; It has contributed to my physical health decline, and I consider myself to have PTSD as a result.

I have been shot at in my yard due to a drive-by shooting at the Clark House in May of 2020, I had cement blocks thrown through my windows in retaliation for my opposition to these facilities (at a cost of \$10,000+ to fix), In an attempt to shift the blame to me, I have been gaslighted by many city employees — made to question my own reality of what I have experienced. I have experienced having the police put the wrong address on calls for service so they would not be traceable to the Clark House, and they have lied about the level of crime, blight, and disorder that the Clark House properties have created on my block in license hearings. Within the past two years I was chased by a naked man wielding a club, I ran after him to distract him from nearby school children, and he came after me. I have used a cane for a number of years, and I don't move very fast, luckily a neighbor helped me into a nearby building

before I was beaten to death. This man was a Clark House resident, and make no mistake these facilities have created danger in this neighborhood (see photo attached). Our pleas for help have consistently been ignored by the City of Milwaukee.

At the September 2025 License hearing, Alderman Bauman stated that DNS won't shut illegally run rooming houses. That is in fact not the case. In August of 2020 on the south side of Milwaukee, an illegal room house was closed immediately, with an emergency order, after a complaint to DNS (<a href="https://www.fox6now.com/news/city-cracks-down-on-illegal-milwaukee-rooming-house-tenants-unaware-of-violations-evicted">https://www.fox6now.com/news/city-cracks-down-on-illegal-milwaukee-rooming-house-tenants-unaware-of-violations-evicted</a>). For years the residents in our neighborhood have been asking for several blighted, crime ridden rooming houses to be shut down, as was put forward in our federally funded comprehensive plan, we are still waiting.

As for DNS, they have ignored building conditions in near west side rooming houses, they have closed un-remediated work orders, and removed work orders from the city's database of work order history – specifically for the Clark House (see attached examples for two of the Clark House Properties 2424 W Kilbourn Ave. and 947 N 24<sup>th</sup> St). Multiple of the Clark House properties have magically had their work order history erased, I have attached screens shots from the DNS work order system from 2021 and early 2025 to illustrate, as well as a spreadsheet comparison. Where is the work order history and why has it been altered?

I met with DNS Commissioner Arroyo-Vega in early 2024 and gave her copies of Clark House enforcement letters from inspector Jennifer Anderson, and former Commissioner Erica Lewandowski. Those work orders and enforcement measures were never carried out, and Ms. Arroyo-Vega had no record of these communications in city files (see attached). What in the world is going on here? Since 2020, there has been a plywood platform built to provide egress over a sidewalk on the west side of one of Robert Conklin's properties at 2424 W Kilbourn Ave, the sidewalk beneath needs replacing. DNS supposedly inspects all licensed facilities such as these every year, where is the code compliance to remove and replace this sidewalk? The property at 947 N 24<sup>th</sup> St. has had a faulty foundation for years, and the city of Milwaukee was put on notice of this in 2020, and work orders were never issued properly for this. It is a public safety issue, where are the work orders and compliance? See the attached engineering report and current photos.

The most recent Clark House hearing was held over 1 month ago (9/30/25), many of the License Committee members asked Robert Conklin why he didn't trim the over grown and unhealthy trees, put in a lawn, put a system in place to control nuisance activities in his parking areas — including permits, towing, lighting, cameras, etc. His response to all these questions was that he didn't need to. I have attached photos of the conditions in the area behind the Clark House properties, taken in late October 2025 so you can see for yourselves what is going on, and just how unresponsive he has been to neighborhood concerns — and your concerns. Further, the police were called on Monday 10/20/25 due a vehicle parked on the Clark House parking area, with no license plates, where two young males were putting dark tint on the windows in broad daylight. The conditions and activities at this property have been a public nuisance for more than 20 years, and I am waiting for the City of Milwaukee and DNS to order the

abatement. This owner is a habitual offender of building codes and zoning laws, and when DNS and the City of Milwaukee refuse to enforce laws. the residents of this neighborhood are the ones who suffer.

I have only laid out a small fraction of what my neighbors and I have experienced in the past more than two decades since I moved to the near west side. I would be happy to meet with you individually, to go through additional information and evidence. I appreciate everyone's time in reading this, and I look forward to your assistance in implementing the will of hundreds of near west side residents, as well as the Milwaukee Common Council, which is manifest in the 2004 Near West Side Comprehensive Plan.

The city of Milwaukee certifies the uniform application of all municipal, state, and federal laws when it receives federal funds. More than 20 years later we await your uniform enforcement of laws and regulations, and your non-renewal and closure of facilities like these.

I respectfully request that this letter and all attachments be entered as evidence in the Clark House License file, in order to further support my opposition to the continued "renewal" of these licenses.

Sincerely,

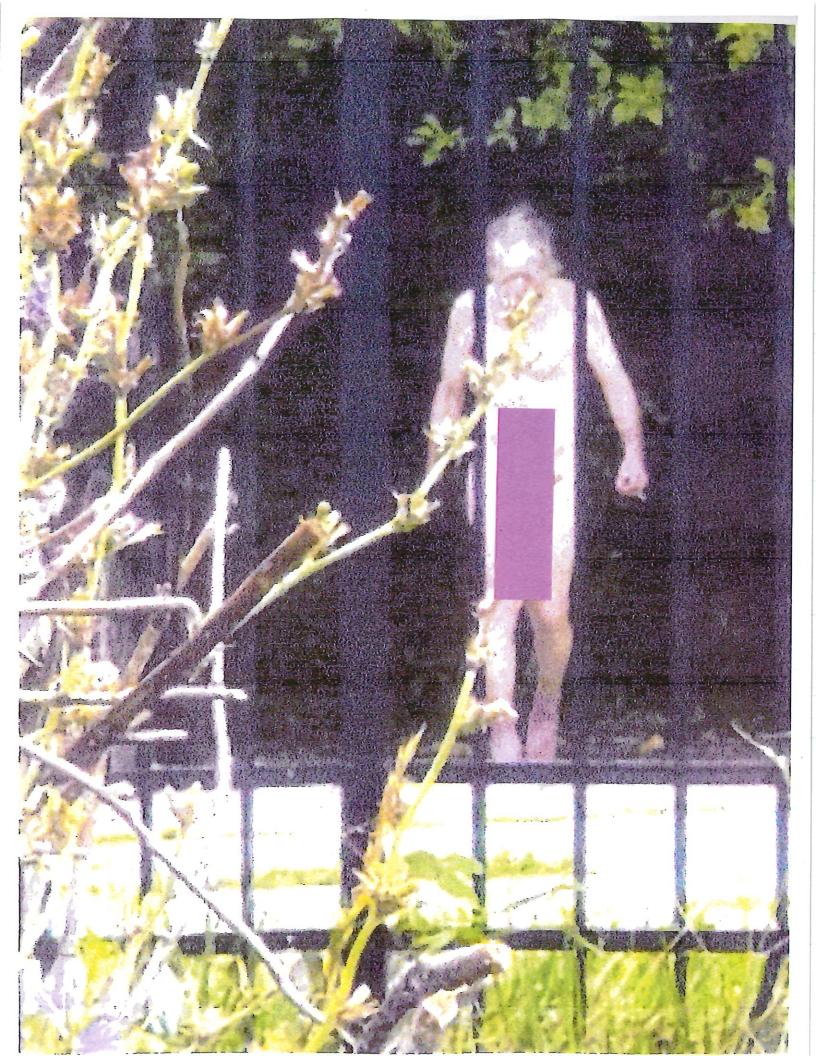

James Dieter

meschelus

Erica Lewandowski Commissioner

Thomas Mishefske Operations Director

Michael Mazmanian Operations Director

February 18, 2020

James Dieter 2432 W Kilbourn Ave Milwaukee, WI 53233

Dear Mr. Dieter,

This letter is in response to your recent communication with the Mayor's office regarding your concerns with the rooming houses adjacent to your property. The facilities, located at 933 N 24<sup>th</sup>, 939 N 24<sup>th</sup>, 943 N 24<sup>th</sup>, 947 N 24<sup>th</sup> and 2424 W Kilbourn Ave are legal nonconforming rooming houses and are not subject to the zoning code unless an intensification of the premises occurs. Based on the complaints and orders issued by the Department, it is fair to say the properties were in need of building repairs and orders were issued to that effect in recent years. In 2018, you submitted complaints for each of the properties to be considered as condemnation candidates, and on 9/10/18, these records were closed as these buildings were still occupied and did not qualify nor met the requirements to be condemned.

Multiple social and quality of life complaints have also been received and addressed by MPD. To date, and as evidenced by your submission, there have been more police calls than building maintenance complaints on these properties.

You have contacted the Department of Neighborhood Services (DNS) about the conditions of the properties and your concerns regarding conditions the tenants were living in over the course of several years, and we have investigated all complaints received (see enclosure). Throughout our communications, the Department of Neighborhood Services has advised you that your recourse can also involve voicing your objections during the annual license renewal process.

During the 2018 license hearing referenced in your submission, DNS was not <u>invited</u> to attend, therefore the concerns and the facts associated with the licensed premises were not able to be responded to by a DNS representative. Ultimately, the Licensing Committee functions independently and chose to renew all the licenses for the premises listed above at that time.

In 2019, DNS was invited to the license hearing for the properties in question and one rooming house was not renewed (2424 W Kilbourn Ave). With the nonrenewal in October of 2019, this property was required to revert back to a duplex with no more than 3 renters per floor. The owner at the time of the hearing did not appeal the council's decision for nonrenewal. He had up to 60 days to vacate the extra tenants, reducing occupancy to 3 per side of the duplex. By Dec 15<sup>th</sup>, DNS inspections confirmed that less than 6 tenants were in the building, meeting code requirements.

A sale of the properties occurred in January 2020, and as a result, DNS re-inspected the properties and orders were issued to the new owner. The new owner has applied for occupancy permits for these parcels as a rooming house and the trades are involved in inspections of these parcels at this time. The owner has indicated to DNS representatives he has a plan to have all the outstanding building maintenance orders in compliance by May of 2020 and is also applying for a rooming house license to continue the use. All the licenses are planned to be renewed under a new operator, Pro Bu Colls, by the end of 2/21/2020. DNS is awaiting a written work plan to address building code issues which is expected by 3/8/2020.

DNS will be working with the new owner to ensure that all code requirements are met and the Clark House and adjacent properties are properly maintained with a strict timeline for correction by 5/30/2020. DNS also believes the new operator is looking forward to demonstrating a higher level of compliance, in a manner similar to other licensed rooming houses they operate in the area. We are hopeful this is an improvement from past operating practices, and we look forward to the opportunity to share these outcomes with you.

Sincerely,

Erica Lewandowski

Commissioner

Enclosure

2 year summary of inspections

Preston Cole Commissioner Thomas Mishefske Operations Manager

Department of Neighborhood Services Inspectional Services for health, safety and neighborhood improvement

March 23, 2018

Department Copy

Re: 933 N 24TH ST

The property you own at the above address has outstanding code violations. Order #ORD-18-02620 to correct conditions was recently issued against the property. An inspector will be visiting your property in the near future to see if the violations have been corrected and if the necessary permits have been obtained.

If it is found that the violations have not yet been corrected; or if a permit has not been obtained (if necessary), under the authority of Section 200-33-48 of the Milwaukee Code of Ordinances, a reinspection fee of \$101.60 will be assessed against the property as a special tax and will appear on the tax bill for this property. The 2nd reinspection as well as all subsequent reinspections are \$203.20 each. These fees include a 1.6% training and technology surcharge. Please be advised that if you have filed for bankruptcy, this letter is for informational purposes and is not intended to be construed as an attempt to collect a debt during the pendency of your bankruptcy as other conditions may apply.

Other enforcement alternatives may include municipal citations or referral to the City Attorney's Office for prosecution.

As you can see, the cost of noncompliance with the code can add up quickly. The Department would prefer to see you put the money into correcting the violations. Please get the corrections made as soon as possible.

Please contact me so that this Work Order is not referred to the Court Section. Please call Inspector Loren Austin at 414-286-8287 during the hours of 8:00 a.m. to 10:00 a.m. Monday through Friday for information on which violations remain uncorrected or if you have any questions. Violations can also be viewed on our website at <a href="https://www.milwaukee.gov/lms">www.milwaukee.gov/lms</a>.

## DESIGN GROUP, LLC

A DIVISION OF BRIGHN BUILDING CORPORATION

Jim Dieder 2432 W. Kilbourn Ave Milwaukee, WI. 53233

Dear Jim,

I performed an exterior inspection of the property located at 947 N. 24th Street in Milwaukee, Wisconsin on January 31st, 2020. The residence is approximately 122 years old according to public records. The purpose of the inspection was to investigate a report of an existing stone foundation wall that was of concern to an existing neighbor. The stone wall was directly adjacent to a public alleyway that, according to the owner, is used frequently. Please reference the photos included in this report taken during the inspection. The only component of the structure observed is the existing stone foundation wall indicated in this report – no other part of the structure was observed.

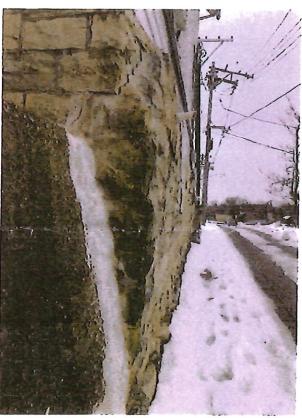

Photo #1 - View of existing stone basement wall corner (NE)

## DESIGN GROUP, LLC

A DIVISION OF BRIGHN BUILDING CORPORATION

Photo #2 - Base of Basement Wall

Photo #3 - NW Corner of Basement Wall

The existing stone basement wall is tipped outward significantly and there is cracking of old-tuck-pointed repairs that indicate that the wall is continuing to move laterally. The wall joints show significant deterioration especially at the base. In my opinion, the wall has functioned properly as a foundation wall for many years, however, the on-going movement and deterioration of the wall brings into question the overall stability of the wall as it exists in place. Typically walls of this construction that are in the process of failing and in the condition of this wall need to be re-built. In my opinion, to prescribe an

#### DESIGN GROUP, LLC

A DIVISION OF BRIGHN BUILDING CORPORATION

adequate repair, a licensed structural engineer should do a complete assessment of the wall from both the inside and outside. This must be done in order to determine the wall's overall condition and to determine how the wall currently supports the existing structure. At this time the wall may be a safety hazard for any people that are using the adjacent alley.

If you have any questions, or would like to discuss this letter, please call me. Please reference the attached photos taken during the inspection.

Sincerely,

Kevin Jankowski, P.E.
