License Premise Report

Letteer, David J 016078

05/06/2021

This license premise report is written by PO David LETTEER, assigned to District 5, Late Power Shift, Tavern Squad with PO Russell MACRAE.

On 03-21-21 at 11:56 p.m., while in the area of Skybox Sports Bar, located at 2213 N. Martin L. King Jr. Dr., PO MACRAE and we observed the Skybox Sports Bar open for business. While observing the business, we observed several females being escorted from the front of the bar bar security. As we continued to observe the females, they began to fight in front of the bar, next to a parked vehicle.

The security persons that were working were not the regular security that normally works at the bar, a security company led by Carlos SINGLETON. We continued to watch the fight and the security, which were wearing red shirts, were able to break up the fight and escort the females to their vehicles and have them leave the area.

As we were watching the fight, we were approached by Lisa Toi MARK and Royce LOCKETT. We informed them that we (PO MACRAE and I) were not going to get involved in the fight and wanted to watch how security was going to handle the situation. We were informed by MARK and LOCKETT that they let Carlos and his security company go and hired a new security company, who is licensed and insured. They then asked us to come and speak to the new security people and introduce ourselves. They wanted us, as the police to work as a team with their security.

We approached the bar and met with the security wearing the red shirts. This security company was new and not the security from SINGLETONS company. We met with Edward THOMPSON who introduced his team to us. THOMPSON is the owner/founder of TSS Security Company. We were informed that they will search people with wands and check for weapons. They will also scan id cards that is recorded on a system that is shared with several other bars. The reason is that if someone gets banned from the bar, the other bars in the network will also know that this person is a problem, making everyone aware of the problem.

We were informed that this security company wants to be professional and has a reputation of being hands off, unless absolutely necessary. They security company wants to disperse the crowds and if there are problems, they use words, rather going hands on, until it is necessary. THOMPSON stated he also has several other security accounts that he manages.

We were informed that there will be armed security at the bar. While speaking with the security guards there will be one person who is CCW, that will be assisting with people at the door and looking for people with guns. They stated they want to provide a safe environment for the patrons, but also want to assist the police in resolving problems related with the bar.

PO MACRAE did ask THOMPSON for an email with all the security guards and who will be armed. We have yet to receive an email regarding this.

We did give THOMPSON our information and asked them to call us if they needed help or had any
