Good Afternoon City of Milwaukee Planning Commission,

A few months ago, I wrote a letter of support for File Number 220401 and my support still holds firm.

This development will help reframe the narrative of Downer Avenue District as it will attract more community members to patronize local businesses and assets while helping create awareness. In addition, this will help address the housing shortage in Milwaukee while supporting the need for more viable accessibility. Furthermore, this development will help revitalize a Downer Avenue District structure and a place of worship.

I hope the Planning Commission embraces this development's vision because the developers are committed to changing the narrative of our community through economic development & investment.

Thank you for considering.
