Subject: A resolution related to the application, acceptance and funding of the 2008 Wisconsin Emergency Medical Services (EMS) Funding Assistance Program grant.

Dear Honorable Members:

Please accept for introduction at the Common Council meeting of September 25, 2007, the attached file related to the Fire Department's acceptance and funding of the 2008 Wisconsin Emergency Medical Services (EMS) Funding Assistance Program grant.

The Wisconsin Emergency Medical Services (EMS) Funding Assistance Program grant enhances the provision of emergency medical services to the citizens and visitors of the City of Milwaukee. The grant provides the Milwaukee Fire Department the ability to improve and supplement its EMS program through funding critical ambulance vehicles, equipment, supplies and training.

It should be noted that the 2008 award continues to reflect a change related to the disbursement of training funding. Starting with the 2006 grant award, the State of Wisconsin provided training funds utilizing a new funding distribution method and also instituted a new funding formula. Eligible providers received training funds directly, rather than EMS training centers on behalf of the EMS provider. The formula is based on the provider's primary service area population, the number of licensed EMT-basic personnel, and the call volume.

Attached are the required grant analysis form, budget and resolution needed to complete this legislation.

If you have any further questions regarding this matter, please contact Deputy Chief Gloria Murawsky, at extension x8982 or Business Finance Manager Emma J. Stamps at extension 5281.

Respectfully submitted,

DOUGLAS A. HOLTON
Chief
