

Disposition Application for 1510 & 1518 W. State St.

Narrative

The lots at 1510 and 1518 W. State St. were acquired from the City in the early 2000s when HACM was undergoing family development as part of replacement housing for Highland Gardens using funding from WHEDA and HUD.

They were acquired with other lots on 18th and State, where three houses were subsequently constructed at 1801, 1805, and 1811 W. State.

Two houses were also developed at 1506 and 1508 W. State, after which no more units were constructed.

HACM has no interest in keeping the vacant lots and wants to sell them at appraised value of \$17,000 per lot (\$34,000).
